SPRING REMODELERS SHOWCASE 2019

DESIGNED BY MARY MANEY, CKD, ASID / MARY@CRYSTALKITCHEN.COM

This 1989 split-level home has a completely redesigned kitchen and living room. Vaulted ceilings accentuate the new see-through fireplace that divides the two rooms. An enlarged window and patio door offer views to the backyard and welcome in the natural light. Upgraded Jenn-Air appliances, Crystal bamboo cabinetry, Cambria counter tops and a unique, dimensional backsplash tile add a contemporary look to the kitchen. Both rooms contain high tech features, such as motorized window treatments, motorized art-on-canvas screens to conceal TVs when not in use, a whole-home smart lighting and audio system and an interior/exterior home monitoring system.

Upstairs, the full bathroom has a whole new look, too. A floating vanity creates the illusion of more floor space in the room. The rich, brown wall tile creates a warm and cozy feel. For interest, textural rock

tile runs across the vanity backsplash into the shower and under the floating vanity. Kohler LED-lit mirrors give improved lighting for grooming. A heated floor and towel rack keep this room toasty warm and feeling like a spa bath. Porcelain tile and quartz counter tops are easy to clean and recessed niches keep toiletries in the tub and shower organized. Grab bars in the bathing areas add safety as the homeowner's age in place.

2019 Spring Remodelers Showcase

DATE / March 29-31 **TIME /** 12-6pm
LOCATION / 9724 Tree Farm Road, Eden Prairie, MN 55437

Unveiling Party Friday, March 29th, from 4-6pm, Come for the grand reveal and stay for wine and appetizers

INTRODUCING

Lisa Reus

Lisa lives in St Michael and has 2 daughters. Her professional background is in project management with the past 3-1/2 years being in residential remodeling. With her parents owning their own construction company, she grew up in the industry, so it's no surprise that she ended up in remodeling. She has a behavioral health degree with focus on humanistic psychology, neuro-linguistics and a minor in religious studies and business communications. Lisa is active with CrossFit and competes as an athlete several times throughout the year. She also does a lot of art projects on the side with her latest obsession being Fire Painting.

Jennie Hjerpe

Jennie graduated from art school, married, and started a family. For the past 20 years her focus has been on her family, working many part time jobs to be available to her four children. From homeschooling, raising chickens, sewing, knitting and spinning (making yarn), she has learned many skills of homesteading and how the functions of your home truly enhance your life. She recently graduated from Century College to become certified in Kitchen and Bath Design. Jennie is very excited to be part of the team at Crystal Kitchen and Bath.

Kaitlyn Stokes

From a young age, Kaitlyn knew she was destined for a career in the design industry. Her love of art, architecture, and local craftsmanship led her to graduate from Dakota County Technical College with an Associate's degree in Interior Design. In her free time, Kaitlyn enjoys writing, cooking, visiting local museums, camping with her family in the summertime and photography.

Sydnee Franklin

Sydnee has a passion for design. As a kid, she ripped up the ugly bedroom carpet, revealing a hardwood floor underneath. The ugliness got a shove out of the second-story window and a designer was born! Her resume includes designing 8 kitchens for the DIY network show Big Beach Builds. Sydnee hails from California and moved to Minnesota 11 years ago. She has three daughters and two grandsons. In her spare time, she is the lead singer of the band Radio Active.

Bruce is retiring he will be missed by all!!

How To Avoid The Biggest Kitchen and Bath Remodeling Mistakes

When you don't pay attention to good design basics, there can be costly mistakes. Crystal Kitchen + Bath will share their insights and helpful hints about the remodeling process and allow you to ask questions along the way. Homeowners contemplating a kitchen and bath remodel are invited.

- The importance of the kitchen work triangle
- How cabinet accessories can maximize your storage
- How a remodel can benefit your family and improve your quality of life
- Tips on budgeting for your project—long and short term
- Design trends—keeping up with the times
- Signs of quality in materials and services

WHERE / Crystal Kitchen+Bath,
3620 Winnetka Ave N, Crystal MN, 55427

RSVP / Call 763-544-5950.

Seating is Limited.

AVIVO

Spring 2018 we partnered with BATC (Builders Association of the Twin Cities) to remodel one apartment for Avivo in Minneapolis. Avivo specializes in providing services to women who find themselves struggling with chemical addiction. The facility houses women along with their children as they engage in recovery. The updates

included new flooring, paint, millwork, cabinets, counter tops and appliances.

"I think that's an important thing, to be able to be somewhere that feels like home," said Diamond, one of the residents living in the apartment. "When you're working so hard in recovery, it feels good to come into a place that's brand new."
